Cookies Usage Policy

What are cookies?

This website uses cookies to improve your experience while visiting the website. Cookies are small files which can be saved on the user's computer or mobile device that monitors, saves and stores information about user interactions and use of the website. This allows website through its server to provide users with personalized approach to this website.

This site uses visitor tracking software, to better understand how they use it. This is the software provided by Yandex.Metrica, which uses cookies for tracking summary statistics that allow us to understand how people use our site. The software will save a cookie to your computer or mobile device to track and control your participation and use of the website, but will not store, retain or collect personal information.

Cookies are small text files that can be stored on your computer or other device when you visit the website. They are typically used to power websites, track your navigation of the website, remember your registration details, etc. There are different types of cookies, and they can be distinguished by origin, purpose and service life. Important file characteristics cookies include the following:

• On the one hand, cookies are files that are placed on a website you are visiting, while cookies are being placed on the wrong site (third party) you are visiting. Please note that we do not control the collection or further use of data by third parties.

• Necessary cookies – necessary for the technical operation of the website. (for example, they allow you to navigate and use the website functions).

• Performance cookies – collect performance data and website performance such as number of visitors, time, time spent on the site, and error messages.

• Functional cookies – improve the usability of the website, remembering your choices (for example, language, region, login, etc.).

• Targeting/Advertising Cookies – allow a website to send you personalized advertising.

• Session cookies are temporary cookies that are erased after closing your browser while persistent cookies remain on your device until you remove them manually or until your browser will not delete them based on the time period specified in the file persistent cookies.

More information about all aspects of cookies can be found at website
www.allaboutcookies.org

What types of cookies do we use?

1. Required cookies

These types of cookies are necessary to enable you to navigate our website and use its features (such as secure areas of the site, for example, feedback form "Ask a question")

2. Performance cookies

These cookies collect anonymous information about the pages visited. By using our site, you agree that we can host these files cookies on your device. These cookies collect information about how visitors use the website, such as which page was visited and whether any error messages. All information obtained from these cookies is anonymous.

3. Functional Cookies

To improve your experience on our website, these cookies are used to remember the choices you make. These cookies can be used to remember your name, the region you are in, changes to text size, font and other parts of the website that can be tuned.

4. Targeting/Advertising Cookies

These cookies collect information about your browsing habits to make advertising more relevant to you and your interests. They can also be used to limit the number of times an advertisement is viewed. They are usually placed on advertising networks with our permission, they remember that you have visited the website. This information is shared with other organizations (to third parties) such as advertisers.

5. Other sites

This website may contain links to other websites or platforms, which are beyond our control and are not subject to this policy. You should read the privacy policy of the website or platform.

Please note that the processing of your personal data in connection with cookies files and other purposes are subject to our privacy policy.

How can you manage cookies?

Most internet browsers are set to automatically accept cookies. Depending on your browser, you may be able to customize your browser so that it warns you before accepting cookies, or you can set it up to refuse them. Please refer to the button "Help" (or similar) in your browser to learn more about how you can do it.

Disabling cookies may affect your experience on our website.

If you use different devices to access our websites, you need to make sure that for every browser on every device your cookie preferences are set.
